TEE BOX SPONSOR

\$100

- Company name/logo on a tee box sign

OUR MISSION

Our mission is to honor Wes's life using a team approach by combining the efforts of his loved ones and other existing foundations in the pursuit of a common goal. The Wes Leonard Heart Team is committed to honoring the children who have lost their lives to Sudden Cardiac Arrest and preventing other families and friends from feeling the pain of losing their loved ones. With this team approach, we feel we can give others a chance at "just one more game."

OUR GOALS

We are lobbying for legislation to mandate that:

- All public and private schools have an adequate amount of Automated Electronic Defibrillators (AEDs) on site and that they are properly maintained.
- All school staff members, including coaches and coaches' assistants, be CPR certified and remain current with American Heart Association and Red Cross Standards.

When the Leonard family decided to create the foundation in Wes's honor, no one could have anticipated the support that people were willing to give to the mission. In eight years the Wes Leonard Heart Team has been able to place over 325 AEDs in Michigan schools and train over 2200 individuals in CPR and how to use an AED. Last year the golf outing alone was able to raise enough funds to donate approximately 20 AEDs.

Sudden Cardiac Arrest is not only the number one cause of death in the U.S., but it is also the number one cause of death in schools (public and private). With your support, we will make a difference. It's not a matter if a child's life will be saved, it's a matter of when.
